

Advanced Materials focus on innovating and applying 100% biodegradable, carbon-negative packaging materials

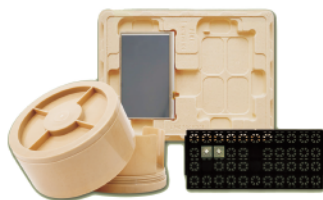

100% Eco Friendly

Core Values

- ▶ Reduce Plastic, Waste & Carbon
- ▶ Plastic-Free Natural Materials
- ▶ 281% Heat Dissipation cf. ABS
- ▶ Certified Marine-Degradable Materials
- ▶ High/Low Temperature Resistance
- ▶ Embedded Antistatic Technology
- ▶ Proprietary Functional Technology(ACM-61)
